Dear Channel Partner,

Greetings from Radiometer Medical India...!

Subject: Notification of Price Revision – Effective [1st October 2025] for Radiometer Consumables.

At the outset, thank you for your continued patronage and support to Radiometer India. I am writing to you to share challenges after the pandemic driven by geopolitical situations of conflict in Ukraine, Middle East and attacks on vessels in the Red Sea all of which have increased costs post pandemic impacting every economy over the past years.

At Radiometer, we continuously strive to maintain the highest standard of quality in our products/services while also managing costs effectively. Our rise in costs of Materials, Freight & Distribution, Currency, Labor, and other operational expenses, are 30% higher. Till date, we have continued to absorb this, but we are now at a point, where we find it necessary to request you to share a small portion of this burden.

This is to ensure that we maintain the highest standards of service and product performance; to deliver the value that you and our patients expect from us.

Starting 1st Oct 2025, we are proposing an increase in price of reagents / consumables as mentioned below. We understand this is not easy and assure you this decision was made after careful consideration.

For ABL800 Basic/Flex: Only for Rinse Solution – Flat Price Increase by 10% on existing price list.

For all ABL9 / ABL80/90 Flex Consumables: Flat Price Increase by 5% on existing price list.

Please note that above price increase is exclusive of (GST) taxes. Updated price lists will be shared with you shortly for your reference.

We greatly appreciate your continued trust in Radiometer, and we remain committed to providing you with the best products and support. If you have any questions or need further clarification, please do not hesitate to contact our Sales team member. We are here to assist you in any way possible.

Warm regards,

Yours faithfully,
